Child Health and Development

All children develop differently, but it helps to know if they're meeting typical milestones or could use extra assistance, and many medical and dental problems can be prevented.

Nutrition and Physical Activity

Participate in a series of fun classes to be more informed about nutrition and wellness and help motivate your family to eat healthy and be physically active.

Quality Child Care and Preschool

Quality early learning programs help young children learn, grow and thrive. More than 1,000 child care centers, homes and preschool programs in Arizona participate in Quality First to improve the quality of early learning for kids from birth to age 5. Many offer Quality First Scholarships to help low-income families afford quality early care and education.
